Front-End Developer

Targeting **Front-end** Developer roles with an organization of high repute with a scope of improving knowledge and further career growth.

Education

Dr. Babasaheb Ambedkar Marathwada University, Aurangabad	**Feb. 2021 – July 2024**
Bachelor of Engineering in Computer Science(B.E)	*Aurangabad, Maharashtra*

CGPA - 6.58

Relevant Coursework

- Operating System
- Software Methodology
- Algorithms Analysis
- Database Management
- Artificial Intelligence
- Internet Technology
- Systems Programming
- Computer Architecture

Experience

Cyber Success	**July 2024 – Jan 2025**
Software Developer Intern	*Pune, Maharashtra*

- Learned Web Development, Core Java(J2SE) and Advanced Java(JEE) concepts with their practical uses.
- Used REACT JS, MySQL Java SE and Java EE and OOPs concepts to develop a Web-based Inventory Management System, allowing smooth stock management and enhancing user experience.
- Applied OOPs concepts, including encapsulation, inheritance, and polymorphism, and applied the concept of advanced Java transforming the handling of stock records, track, Inventory records, and update records.
- Designed and developed the application using Reactjs, Java, and Mysql Database.

Projects

Weather Report | *HTML, CSS, Javascript, React JS, Bootstrap and API* — **May 2023**

- Developed a weather report web-based application using HTML/CSS, Javascript, and Bootstrap to get an update on weather
- Implemented API to get accurate data on the weather of the city, state, or country to get correct temperature, humidity, and wind flow data.
- It can fetch weather data globally.

Inventory Management System | *React JS, Java, Mysql* — **August 2024**

- Created an Inventory management system using React JS, Core Java, Advanced Java and Mysql to access and manage the stock easily.
- This project reduces the time to search the product from the currently available stock.
- The role of an inventory system is to track your products and supplies.

Technical Skills

Languages: Java, HTML/CSS, JavaScript, SQL
Developer Tools: VS Code, Eclipse, Google Cloud Platform
Technologies/Frameworks: Linux, Spring Boot, GitHub, Java Swing, Reactjs, Bootstrap

Certification

- Completed an **"Advanced JAVA Certification Course"** through Google Developers Launchpad.
- Completed a **"Javascript Certification Course"** through Google Developers Launchpad.
- Completed a **"MySQL Training"** through Iqra Technology Institute.

Extracurricular

- Organized **"HOBNOB 2023 FEST"** in Everest College of Engineering and Technology.
- Achieved **"Second Rank"** in Cricket Tournament in Everest College of Engineering and Technology.
- Handled every **"Event"** that the Department organizes in Everest College of Engineering and Technology.
